

Amazing Abodes

LOOK OUT FOR URBAN HALLMARK PROPERTIES' INAUGURAL ULTRA LUXURY BOUTIQUE DEVELOPMENT PROJECT, ZEPHYR POINT - A TESTIMONY OF CLASS AND PRESTIGE

A new dimension to luxury has been paved in one of the more impressive neighbourhoods of Kuala Lumpur... Damansara Heights. Urban Hallmark Properties Sdn Bhd's (UHP) inaugural project – Zephyr Point, sees the boutique development of an ultra-exclusive cluster of residences comprising three distinctly-designed penthouses and four villas.

Focused on ensuring the affluent homeowners of Zephyr Point enjoy the best in quality of design, construction and fittings, the team at UHP has singularized high-end and internationally recognized brands to be associated with this luxurious property. Amongst them: Dupont™ Corian, MML Tiles and Bosch, each with a strong tradition of developing quality-oriented products.

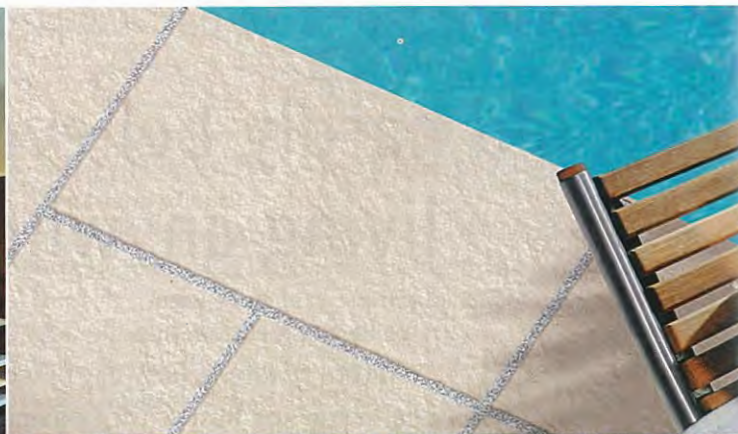

DuPont™ Corian gained its good name thanks to over 35 years' of proven performance in the home and construction industry. Composed of a unique blend of natural minerals and high performance acrylics, this solid non-porous surfacing material shapes to meet almost any application requirement and offers kitchen countertops with virtually seamless installation thus eliminating grout. Corian reflects the latest trends in residential

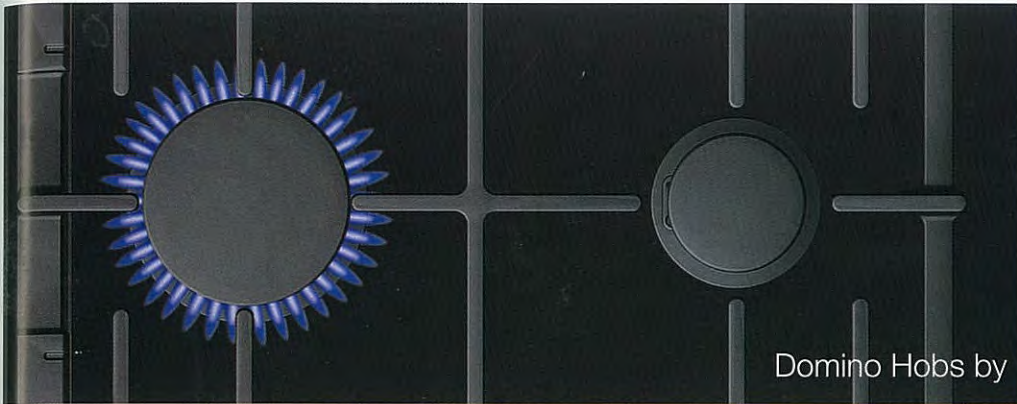

architecture and design and is recognized worldwide.

MML is all about full bodied porcelain tiles which are products inspired by the effects of a bush hammer on a surface, thus creating a uniquely roughened texture. Originally available in six colours that range from nero, cobalt, chaste, beach, stock and tan, it now has additional modern hues of black, grey and cream. These shades offer an urban and natural look. One can be assured of the high level of traction as the tiles come with a slip resistance rating of R11, perfect for certain outdoor and wet-area applications.

Bosch appliances with their superior performance and reliability make perfect partners in the kitchen. The domino hobs are designed with variable cooking zone controls to achieve perfect cooking results. For Asian cooking, hobs are fit out with wok burners with sturdy heavy-duty cast iron pan supports. The stylish and streamlined Bosch domino hobs are equipped with thermo electric safety device and the ceramic surface enables easy cleaning and maintenance.

The collaboration with DuPont™ Corian, MML Tiles and Bosch has indeed contributed to making Zephyr Point homes an attractive abode for the distinguished and discerning family.
